How to Wear Your Academic Hood

When you receive your gown and academic hood, you'll want to try on your regalia ahead of time. The proper wearing of the hood is an essential part of the overall prestigious look and celebration of your earned degree.

1. Place the hood around your neck and shoulders so that the majority hangs down your back and the velvet side is showing.
2. For your comfort, you may fasten the cord that's attached to the front of the hood onto your shirt, dress or gown to help keep the hood further away from your neck.
3. From a frontal view, the velvet border should be on top as shown below.
4. On the backside, you want to expose the lining by turning the velvet border to the outside as shown below. (the lining is red and platinum)

The velvet border indicates your field of study. The inner lining on the lower back of hood are the colors of your university.
